

ECONOMICS

BOOKS - GOYAL BROTHERS

PRAKASHAN ECONOMICS (HINGLISH)

COLLECTION OF PRIMARY DATA :

CENSUS AND SAMPLING METHODS

Multiple

1. One of the following is not the characteristics of sample survey:

A. Less time

B. Less cost

C. Less information

D. Less accuracy

Answer: C

View Text Solution

2. Random sampling is:

A. By choice

B. By chance

C. Both a and b

D. None of the above.

Answer: B

View Text Solution

3. The part of universe selected for investigation is called:

A. Population

B. Sample

C. Primary sampling unit

D. Elementary sampling unit.

Answer: B

View Text Solution

4. Simple Random Sampling is:

- A. Stratified sampling
- B. Cluster sampling
- C. Systematic sampling
- D. Unrestricted sampling

Answer: D

View Text Solution

5. Suppose size of the Universe is 1000. the size of sample is 100.

A. 7

B. 11

C. 15

D. 20

Answer: A

View Text Solution

6. The Census of India provides data on:

A. Number of persons

B. Culture of the people

C. Economic structure of the people

D. All the above.

Answer: D

View Text Solution

Short Answer

1. What is the difference between a census survey and a sample survey?

[View Text Solution](#)

2. What is the difference between universe and sample?

[View Text Solution](#)

3. What is sampling? Give meaning of random sampling.

View Text Solution

4. Define unrestricted random sample. Name the two basis on which such a sample can be selected.

View Text Solution

5. Define restricted random sampling. Name its types.

[View Text Solution](#)

6. Differentiate between stratified and cluster random samplings.

[View Text Solution](#)

7. Distinguish between primary and elementary sampling units.

[View Text Solution](#)

8. Name the four divisions of the NSSO and their headquarters.

[View Text Solution](#)

9. Explain briefly the method of unrestricted (or simple) random sampling.

[View Text Solution](#)

10. Explain briefly stratified random sampling.

[View Text Solution](#)

11. Explain briefly cluster random sampling.

[View Text Solution](#)

12. Explain briefly systematic random sampling.

[View Text Solution](#)

13. Explain purposive sampling.

[View Text Solution](#)

14. Explain what the Census of India provides.

[View Text Solution](#)

15. List the subjects covered under the NSSO surveys.

View Text Solution

Long Answer

1. Explain cluster random sampling. Also explain conditions under which it is suitable.
