Changes Around us

Multiple Choice Questions

1. Pick the change that can be reversed from the following

- A. Cutting of trees
- B. Melting of ghee
- C. Burning of candle
- D. Blooming of flower

Answer: B

Watch Video Solution

2. Which of the following change cannot be reversed?

A. Hardening of cement

B. Freezing of ice cream

C. Opening a door

D. Melting of chocolate

Answer: A

3. An iron ring is heated. Which of the following statement about it is incorrect?

A. The ring expands.

B. The ring almost comes to the same size on cooling.

C. The change in this case is reversed.

D. The ring changes its shape and the change cannot be reversed.

Answer: D

4. While lighting a candle, Paheli observed the following changes

(i) Wax was melting.

(ii) Candle was burning.

(iii) Size of the candle was reducing.

(iv) Melted wax was getting solidified.

Of the above, the changes that can be reversed are

A. (i) and (ii)

B. (ii) and (iii)

C. (iii) and (iv)

D. (i) and (iv)

Answer: D

5. Salt can be separated from its solution (salt dissolved in water), because

A. mixing of salt in water is a change that can be reversed by heating and melting of salt.

B. mixing of salt in water is a change that cannot be reversed.

C. mixing of salt in water is a permanent change.

D. mixing of salt in water is a change that can be reversed by evaporation.

Answer: D

6. Rolling of chapati and baking of chapati are the changes that

A. can be reversed.

B. cannot be reversed.

C. can be reversed and cannot be reversed, respectively.

D. cannot be reversed and can be reversed, respectively.

Answer: C

7. Iron rim is made slightly smaller than the wooden wheel. The rim is usually heated before fixing into the wooden wheel, because on heating the iron rim

A. expands and fits onto the wooden wheel.

B. contracts and fits onto the wooden wheel.

C. no change in the size takes place.

D. expands first, then on cooling contracts
and fits onto the wooden wheel.

Answer:

Short Answer Questions

1. Can we reverse the following changes? If yes, suggest the name of the method.

Water into water vapour

[Watch Video Solution](#)

2. Can we reverse the following change? If yes, suggest the name of the method.

Water vapour into water.

[Watch Video Solution](#)

3. Can we reverse the following changes? If yes, suggest the name of the method.

Ice into water.

[Watch Video Solution](#)

4. Can we reverse the following changes? If yes, suggest the name of the method.

Curd into milk.

[Watch Video Solution](#)

5. Can the following changes be reversed or cannot be reversed?

Blowing of a balloon

Watch Video Solution

6. Which of the following changes cannot be reversed?

Folding a paper to make a toy aeroplane

Watch Video Solution

7. Which of the following changes cannot be reversed?

Rolling a ball of dough to make roti

[Watch Video Solution](#)

8. Which of the following changes cannot be reversed?

Baking cake in an oven

[Watch Video Solution](#)

9. Which of the following changes cannot be reversed?

Drying a wet cloth

Watch Video Solution

10. Can the following change be reversed?

Making biogas from cow dung

Watch Video Solution

11. Which of the following changes cannot be reversed?

Burning of a candle

Watch Video Solution

12. Boojho's sister broke a white dove, a symbol of peace, made of Plaster of Paris (POP). Boojho tried to reconstruct the toy by making a powder of the broken pieces and then

making a paste by mixing water. Will he be successful in his effort? Justify your answer.

Long Answer Questions

1. Give one example in each case

Change which occurs on heating but can be reversed.

[Watch Video Solution](#)

2. Give one example in each case

Change which occurs on heating but cannot be reversed.

[Watch Video Solution](#)

3. Give one example in each case

Change which occurs on cooling but can be reversed.

Watch Video Solution

4. Give one example in each case

Change which occurs on mixing two substances, but can be reversed.

Watch Video Solution

5. Give one example in each case

Change which occurs on mixing two substances, but cannot be reversed.
