

MATHS

Fun With Numbers

Example

1. Let's observe the interesting numbers- 11×11

= _____

Watch Video Solution

2. Let's observe the interesting numbers- 11×11

$$\times 11 = \underline{\hspace{2cm}}$$

[Watch Video Solution](#)

3. Let's observe the interesting numbers- 11×11

$$\times 11 \times 11 = \underline{\hspace{2cm}}$$

[Watch Video Solution](#)

4. Let's observe the interesting numbers- 11×11

$\times 11 \times 11 \times 11 =$ _____

Watch Video Solution

5. With five 9 's', let me make 1000

Watch Video Solution

6. Azim has 3 match sticks. He asked me to write 4 with those 3 match sticks. Let me try to

do.

Watch Video Solution

7. I have 3 match sticks. I took 2 more sticks to write 8 let me try.

Watch Video Solution

8. Let's find 3 natural numbers, whose sum and product are same.

Watch Video Solution

$$9.1 \times 1 = \underline{\hspace{2cm}}$$

[Watch Video Solution](#)

$$10. 11 \times 11 = \underline{\hspace{2cm}}$$

[Watch Video Solution](#)

$$11. 111 \times 111 = \underline{\hspace{2cm}}$$

[Watch Video Solution](#)

12. $1111 \times 1111 = \underline{\hspace{2cm}}$

Watch Video Solution

13. $11111 \times 11111 = \underline{\hspace{2cm}}$

Watch Video Solution

14. $111111 \times 111111 = \underline{\hspace{2cm}}$
