### NATURAL RESOURCES

#### Question Bank

1. What is meant by natural resources?

**Watch Video Solution**

2. Give examples of natural resources.

**Watch Video Solution**

3. What is meant by lithosphere?

**Watch Video Solution**

4. Name the oceans of the earth.

**Watch Video Solution**

5. How is sea or ocean water useful to us, even though it is salty?

[Watch Video Solution](#)

6. Select the appropriate word and fill in the blanks :

(Mica's, Copper, Bauxite, Anthracite, Coal)

..... is the coal of the highest grade.

[Watch Video Solution](#)

7. Select the appropriate word and fill in the blanks :

(Mica's, Copper, Bauxite, Anthracite, Coal)

..... is the most important ore of aluminum

**Watch Video Solution**

8. Select the appropriate word and fill in the blanks :

(Mica's, Copper, Bauxite, Anthracite, Coal)

..... is a very good conductor of electricity.

**Watch Video Solution**

**9.** Select the appropriate word and fill in the blanks :

(Mica's, Copper, Bauxite, Anthracite, Coal)

..... value depends on the thickness of its layers.

**Watch Video Solution**

**10.** Select the appropriate word and fill in the blanks :

(Mica's, Copper, Bauxite, Anthracite, Coal)

..... is said to be a fossil fuel.

[Watch Video Solution](#)

**11.** Find the odd man out :

A. Mica

B. Sulphur

C. Gypsum

D. Bauxite

**Answer: D**

**Watch Video Solution**

**12. Find the odd man out :**

A. Diamond

B. Halite

C. Ruby

D. Sapphire

**Answer: B**

[Watch Video Solution](#)

**13. Find the odd man out :**

A. Magnetite

B. Jade

C. Zircon

D. Emerald

**Answer: A**

[Watch Video Solution](#)

**14.** Find the odd man out :

A. Magnetite

B. Haematite

C. Limonite

D. Graphite

**Answer: D**

**Watch Video Solution**

15. Find the odd man out :

A. Methane

B. Ethane

C. Propane

D. Butane

**Answer: A**

**Watch Video Solution**

## 16. Match the column:

Group 'A'	Group 'B'
(1) <i>Adulsa</i>	(a) Extract used as a medicine for Cancer
(2) <i>Bel</i>	(b) Remedy on nausea.
(3) <i>Neem</i>	(c) Medicine on malaria
(4) Periwinkle	(d) Effective on fever and cold
(5) Cinnamon	(e) Medicine on diarrhea
(6) Cinchona	(f) Effective on cough and cold

**Watch Video Solution**

## 17. Match the column:

Group 'A'	Group 'B'
(1) Thorium	(a) Artificial silk
(2) Magnesium	(b) Cloth and paper manufacturing
(3) Potassium	(c) Production of soap, fertilizers, glass
(4) Sodium	(d) Flash bulb of a camera.
(5) Sulphate	(e) the production of atomic energy.

[Watch Video Solution](#)

**18. Match the column:**

Group 'A'	Group 'B'
(1) Prawns, Pomfret	(a) medicine for treating cancer
(2) Dried shrimp powder	(b) Antibiotics
(3) Shells	(c) Proteinaceous food
(4) Fungi	(d) Poultry feed
(5) Shark and cod fish	(e) Medicines and decorative articles
(6) Sea cucumber	(f) Vitamin oils

**Watch Video Solution**

**19. Answer the given question :**

Name the two important stages in the process

of obtaining metals from ores?

**Watch Video Solution**

**20.** Answer the given question :

Write the names of five minerals and the useful substances obtained from them,

**Watch Video Solution**

**21.** Answer the given question :

What is meant by fossil fuel? What are their

types?

[Watch Video Solution](#)

**22.** Answer the given question :

Make a list of the components we obtain 'from mineral oil.

[Watch Video Solution](#)

**23.** Answer the given question :

What is natural gas? What are its

components?

[Watch Video Solution](#)

**24.** Answer the given question :

Give the characteristics of Compressed Natural Gas..

[Watch Video Solution](#)

**25.** Answer the given question :

Describe the characteristics,of CNG.

[Watch Video Solution](#)

**26.** Answer the given question :

Why should we prevent the wastage of fuel used for vehicles?

[Watch Video Solution](#)

**27.** Answer the given question :

What do we get from forests?

[Watch Video Solution](#)

**28.** Answer the given question :

What are the protective functions of forests?

**Watch Video Solution**

**29.** Answer the given question :

Why is the diversity of plants and animals in the forests declining?

**Watch Video Solution**

**30.** Answer the given question :

What are the items included in ocean resources? What are their uses?

**Watch Video Solution**

**31.** Answer the given question :

How is forest conservation done?

**Watch Video Solution**

**32.** Answer the given question :

What steps are taken for protection and conservation of natural resources?

**Watch Video Solution**

**33.** Answer the given question :

How does the economic condition of a nation depend on its natural resources ?

**Watch Video Solution**

**34.** Answer the given question :

Write the information of ONGC.

**Watch Video Solution**

**35.** Describe natural resources with reference to the given question :Mineral resources :

**Watch Video Solution**

**36.** Describe natural resources with reference to the given question :Forest resources:

**Watch Video Solution**

**37.** Describe natural resources with reference to the given question :Ocean resources:

**Watch Video Solution**

**38.** Use your brain power!

Why is mineral oil called 'liquid gold'?

**Watch Video Solution**

**39.** Use your brain power!

Why is coal called 'black gold'?

**Watch Video Solution**

**40. Use your brain power!**

Why is natural gas an eco-friendly fuel?

**Watch Video Solution**

**41. Use your brain power!**

Why are all minerals are not ores?

**Watch Video Solution**

**42.** Use your brain power!

What is meant by 'metal mineral' and 'non-metal mineral'?

**Watch Video Solution**

**43.** Answer the given Question :

What are the uses of forests?

**Watch Video Solution**

**44.** Answer the given Question :

Which medicinal plants will you grow on your school premises and near your house? Why?

**Watch Video Solution**

**45.** Answer the given Question :

What would happen if underground mineral resources are exhausted?

**Watch Video Solution**

**46.** Answer the given Question :

What useful things will we have to do without rubber if it is no longer available?

**Watch Video Solution**

**47.** Answer the given Question :

What are the adverse effects of clearing of forests or cutting down trees?

**Watch Video Solution**

**48.** Answer the given question orally :

What is meant by fuels?

**Watch Video Solution**

**49.** Answer the given question orally :

Which natural resources are used as a fuel?

**Watch Video Solution**

**50.** Answer the given question orally :

What is meant by forests?

[Watch Video Solution](#)

**51.** Answer the given question orally :

What helps us to detect any leakage of LPG gas immediately?

[Watch Video Solution](#)

**52.** Answer the given question orally :

What is Sagar Samrat?

[Watch Video Solution](#)

**53.** Answer the given question orally :

Are minerals to be found in seas and on the seabed as they are found inside the earth?

**Watch Video Solution**
