## BOOKS - ASHOK PUBLICATION ASSAM

## Introduction to Graphs

Example

1. The following graph shows the temperature of a natient in a hospital, recorded every hour.

What was the patient's temperature at 1 p.m.?

## - Watch Video Solution

2. The following graph shows the temperature of a patient in a hospital, recorded every hour.

When was the patients temperature $38.5^{\circ} \mathrm{C}$ ?

## - Watch Video Solution

3. The patient's temperature was the same two
times during period given. What were these
two times?

## D Watch Video Solution

4. What was the temperature at 1.30 p.m.? How did you arrive at your answer?

## D Watch Video Solution

5. During which periods did the patient's temperature showed an upward trend?

## - Watch Video Solution

6. The following line graph shows the yearly sales figures for a manufacturing company.

What were the sales in (i) 2002 (ii) 2006 ?

## - Watch Video Solution

7. The following line graph shows the yearly sales figures for a manufacturing company.

What were the sales in (i) 2003 (ii) 2005 ?

## - Watch Video Solution

8. The following line graph shows the yearly sales figures for a manufacturing company.

Compute the differnece between the sales in

## 2002 and 2006

## - Watch Video Solution

9. The following line graph shows the yearly sales figures for a manufacturing company.

In which year was there the greatest differene between the sales as compared to its previous
year?

## - Watch Video Solution

10. For an experiement in Botany, two different
plants, plant A and plant B were grown under
similar laboratory conditions. Their heigths were measured at the end of each week for 3
weeks. The results are shown by the following
graph.

How high was Plant A after (i) 2 weeks (ii) 3 weeks?

## - Watch Video Solution

11. For an experiment in Botany, two different plants, plant A and plant B were grown under
similar laboratory conditions. Their heigths
were measured at the end of each week for 3
weeks. The results are shown by the following
graph.

How high was Plant B after (i) 2 weeks (ii) 3
weeks?

- Watch Video Solution

12. For an experiment in Botany, two different
plants, plant A and plant B were grown under similar laboratory conditions. Their heigths were measured at the end of each week for 3
weeks. The results are shown by the following graph.

How much did Plant A grow during the 3rd week?
13. For an experiement in Botany, two different plants, plant A and plant B were grown under similar laboratory conditions. Their heigths were measured at the end of each week for 3 weeks. The results are shown by the following

## graph.

How much did Plant B grow from the end of the 2 nd week to the end of the 3 rd week?

## D Watch Video Solution

14. For an experiment in Botany, two different plants, plant $A$ and plant $B$ were grown under similar laboratory conditions. Their heigths were measured at the end of each week for 3 weeks. The results are shown by the following graph.

## During which week did Plant A grow most?

## D Watch Video Solution

15. For an experiement in Botany, two different
plants, plant A and plant B were grown under similar laboratory conditions. Their heigths were measured at the end of each week for 3 weeks. The results are shown by the following
graph.

## During which week did Plant B grow least?

## D Watch Video Solution

16. For an experiment in Botany, two different
plants, plant A and plant B were grown under similar laboratory conditions. Their heigths were measured at the end of each week for 3
weeks. The results are shown by the following graph.

Were two Plants of the same height during any week shown here? Specify.

## D Watch Video Solution

17. The following graph shows the temperature forecast and the actual
temperature for each day of a week.

On which days was the forecast temperature the same as the actual temperature?

## D Watch Video Solution

18. The following graph shows the
temperature forecast and the actual
temperature for each day of a week.

What was the maximum forecast temperature during the week?

## D Watch Video Solution

19. The following graph shows the
temperature forecast and the actual
temperature for each day of a week.

What was the minimum actual temperature during the week?

## - Watch Video Solution

20. The following graph shows the
temperature forecast and the actual
temperature for each day of a week.

On which day did the actual temperature differ the most from the forecast

## temperature?

21. Use the tables below to draw liner graphs.

The number of days a hill side city received snow in different years.

| Year | 2003 | 2004 | 2005 | 2006 |
| :--- | :---: | :---: | :---: | :---: |
| Days | 8 | 10 | 5 | .. |

## D Watch Video Solution

22. A courier-person cycles from a town to a neighbouring suburban area to deliver a pated to a merchant. His distance from the town at different times is shown by the
following graph.

What is the scale taken for the time axis?

## - Watch Video Solution

23. A courier-person cycles from a town to a neighbouring suburban area to deliver a
parcel to a merchant. His distance from the town at different times is shown by the following graph.

How much time did the person take for the travel?

24. A courier-person cycles from a town to a neighbouring suburban area to deliver a parcel to a merchant. His distance from the town at different times is shown by the following graph

How far is the place of the merchant from the town?

25. A courier-person cycles from a town to a neighbouring suburban area to deliver a parcel to a merchant. His distance from the town at different times is shown by the following graph.

Did the person stop on his way? Explain.

## - Watch Video Solution

26. A courier-person cycles from a town to a neighbouring suburban area to deliver a parcel to a merchant. His distance from the
town at different times is shown by the following graph.

During which period did he ride fastest?

- Watch Video Solution

27. Can there be a time-temperature graph as
follows? Justify your answer.

(D) Watch Video Solution
28. Can there be a time-temperature graph as
follows? Justify your answer.

D Watch Video Solution
29. Can there be a time-temperature graph as
follows? Justify your answer.

|  |  |  | - |  | - |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
| 4 |  |  |  |  |  |  |  |  |  |  |  |
| ${ }_{0}$ |  |  |  |  |  |  | - |  |  |  |  |
| E- |  |  |  |  |  |  |  |  |  |  |  |
| 高 |  |  |  |  |  |  |  |  |  |  |  |
| $\stackrel{\square}{\square}$ |  |  |  |  |  |  |  |  |  |  |  |
| - ${ }^{5}$ |  |  |  |  |  |  |  |  |  |  | $=$ |
| 5 |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  | $\rightarrow$ |  |  |  |  |

(D) Watch Video Solution
30. Can there be a time-temperature graph as
follows? Justify your answer.

4.

- Watch Video Solution

31. Plot the following points on a graph sheet.

Verify if they lie on a line.
$A(4,0), B(4,2), C(4,6), D(4,2.5)^{\prime}$

## - Watch Video Solution

32. Plot the following points on a graph sheet.

Verify if they lie on a line.
$P(1,1), Q(2,2), R(3,3), S(4,4)$

- Watch Video Solution

33. Plot the following points on a graph sheet.

Verify if they lie on a line.
$K(2,3), L(5,3), M(5,5), N(2,5)$

## - Watch Video Solution

34. Draw the line passing through $(2,3)$ and
$(3,2)$. Find the coordinates of the points at which this line meets the $x$-axis and $y$-axis

| ${ }^{\text {Y }}$ |  |  |  |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  |  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  | (23) | (23) |  |  |  |  |  |  |  |  |
|  |  |  | N | , |  |  |  |  |  |  |  |  |
|  |  |  |  |  | (3,2) |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  | - |  |  |  |  |  |  |  |
|  |  |  |  |  |  |  |  | (5,0) |  |  |  |  |
|  |  |  |  |  |  |  |  |  |  |  |  |  |
|  |  |  |  |  | - |  |  |  |  |  |  |  |

## - Watch Video Solution

35. Write the coordinates of the vertices of each of these adjoining figures.

- Watch Video Solution

36. State whether True or False. Correct that are false.

A point whose $x$-coordinate is zero and $y$ coordinate is non-zero will lie on the $y$-axis.

## D Watch Video Solution

37. State whether True or False. Correct that are false.

A point whose $y$-coordinate is zero and $x$ coordinate is 5 will lie on $y$-axis.
38. State whether True or False. Correct that are false.

The coordinates of the orgin are $(0,0)$.

## D Watch Video Solution

39. Draw the graphs for the following tables of
values, with suitable scales on the axes.

Cost of apples

| Number of apples | - | 1 | 2 | 3. | 4 | 5 |
| :--- | :--- | ---: | ---: | ---: | ---: | ---: |
| Cost (in Rs) | 5 | 10 | 15 | 20 | 25 |  |

40. Draw the graphs for the following tables of values, with suitable scales on the axes.

Distance travelled by a car.

| Time (in hours) | 6 a.m. | 7 a.m. | 8 a.m. | 9 a.m. |
| :--- | :--- | :--- | :--- | :--- |
| Distances (in km) | 40 | 80 | 120 | 160 |

How much distance did the car cover during the period 7.30 a.m. to 8 a.m.?

D Watch Video Solution
41. Draw the graphs for the following tables of
values, with suitable scales on the axes.

Distance travelled by a car

| Time (in hours) | 6 a.m. | 7 a.m. | 8 a.m. | 9 a.m. |
| :--- | :--- | :--- | :--- | :--- |
| Distances (in km) | 40 | 80 | 120 | 160 |

What was the time when the car had covered a distance of 100 km since it's start?

## - Watch Video Solution

42. Draw the graphs for the following tables of
values, with suitable scales on the axes.

Interest on deposits for a year.

| Deposit (in Rs) | 1000 | 2000 | 3000 | 4000 | 5000 |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Simple Interest <br> (in Rs) | 80 | 160 | 240 | 320 | 400 |

Does the graph pass through the origin?

## D Watch Video Solution

43. Draw the graphs for the following tables of
values, with suitable scales on the axes.

Interest on deposits for a year.

| Deposit (in Rs) | 1000 | 2000 | 3000 | 4000 | 5000 |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Simple Interest <br> (in Rs) | 80. | 160 | 240 | 320 | 400 |

Use the graph to find the interest on Rs 2500
for a year.

## - Watch Video Solution

44. Draw the graphs for the following tables of values, with suitable scales on the axes.

Interest on deposits for a year.

| Deposit (in Rs) | 1000 | 2000 | 3000 | 4000 | 5000 |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Simple Interest <br> (in Rs) | 80 | 160 | 240 | 320 | 400 |

To get an interest of Rs 280 per year, how much money should be deposited?
45. Draw a graph for the following.

| Side of square (in cm) | 2 | 3 | 3.5 | 5 | 6 |
| :--- | ---: | ---: | ---: | ---: | ---: |
| Permeter '(in cm) | 8 | 12 | 14 | 20 | 24 |

Is it a linear graph?

D Watch Video Solution
46. Draw a graph for the following.

| Side of square (in cm) | 2 | 3 | 4 | 5 | 6 |
| :--- | :--- | :--- | ---: | ---: | ---: |
| Area (in $\mathrm{cm}^{2}$ ) | 4 | 9 | 16 | 25 | 36 |

Is it a linear graph?

D Watch Video Solution
47. The number of litres of petrol you buy to
fill a car's petrol tank will decide the amount
you have to pay. Which is the independent variable here? Think about it.
